Description :

24" Inflatable Globe (Product Code: SLE/ES/04) is an easy-to-inflate world globe used to teach map reading, time zones and world geography in classrooms and at home. Designed to put a globe into the hands of each student, its printed surface marks time zones, geographic features, country capitals and important cities, which makes it a handy earth science teaching aid for schools. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

Key Details

Parameter	Detail
Type	Inflatable world globe
Size	24"
Map features	Time zones and geographic features
Places marked	Country capitals and important cities
Set-up	Easy to inflate
Suitable for	School and home use
Product code	SLE/ES/04
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Inflatable Globe Used For?

Because each learner or pair can hold a globe, teachers can run quick, active exercises: find a capital and name its neighbours, trace a line of longitude and read off the time zone, or plan a route between two important cities. Time-zone work is especially effective when one student holds the globe near a lamp while the class counts the hours separating two cities. In younger classes, gentle question-and-answer catch games keep revision lively.

For schools planning educational lab equipment in India for a geography or social studies room, an inflatable globe complements a rigid desk globe because a class set deflates and packs into a small cupboard. Inflate gradually until the surface is firm but not over-stretched, keep it away from sharp edges and direct heat, and wipe it with a slightly damp cloth before deflating it for storage.

Supplier

The 24" Inflatable Globe is supplied by Jain Scientific Equipments Private Limited, which trades as ScienceLab from Ambala, Haryana, and sources classroom teaching aids for schools, dealers and education programmes in India and international markets. Ask us to confirm the material and packing details when you request a quotation. Learn more about the company on the company profile page.
