Description :

A4 Paper, Assorted Colors (Product Code: SLE/CS/025) is a pack of heavyweight coloured paper trimmed to A4 size for art, craft, display and project work in primary and secondary classrooms. Each pack holds 100 sheets of 180 GSM paper in four assorted pastel shades,giving teachers enough colour variety for group activities without opening several different packs.It is manufactured by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, whichalso works as a school lab equipment supplier in India for institutions that want classroommaterials and science apparatus from one source.

Specifications

Parameter	Detail
Size	A4 (trimmed to A4 size)
Paper weight	180 GSM
Colours	4 assorted pastel colours
Sheets per pack	100 sheets (4 colours x 25 sheets of each)
Packing	Resealable plastic bag

Typical Use

Teachers use this paper for making flashcards, cover pages for practical records, labelled diagrams, classroom charts and science-fair display boards. Because the sheets are heavier than everyday writing paper, they hold a fold well, which suits paper models, pop-up cards, simple nets of 3D shapes and folded booklets. The four pastel shades are handy for colour-coding student groups, sorting topics on a notice board, or giving each team in a project its own colour.

For best results, write on the sheets with dark markers or pencils, which stand out clearly against pastel tones. Return unused sheets to the resealable bag and keep the pack flat in a dry cupboard so the edges stay square and the paper does not curl or absorb moisture. Schools ordering other consumables at the same time can add this pack to an enquiry with a lab consumables supplier in India such as ScienceLab to simplify purchasing.

Manufacturer

This paper pack is manufactured by Jain Scientific Equipments Private Limited, the Ambala, Haryana company that trades under the name ScienceLab. Alongside its other science apparatus, the company manufactures and packs everyday classroom materials so that schools can furnish a teaching room through a single order. Background on the business is available on the ScienceLab company profile.
