Description :

Emergency Trolley With Drawers (Product Code: SLE/HF/14) is a mobile emergency response cart that pairs a raised-edge work surface with five lockable drawers, so medicines, renewables and small equipment travel together to the bedside. Casualty departments, wards, clinics and nursing skills laboratories use it as the fixed home of their resuscitation stock. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, as part of its hospital andlaboratory furniture in India.
