Product Name :

Plug Hollow mthd GI 14 Bar

Product Code :

SLE/WDF/03

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Plug Hollow mthd GI 14 Bar (Product Code: SLE/WDF/03) is a ½" hollow galvanized iron plug with an external male thread, used to close off unused female-threaded openings in GI water pipe fittings. It is made of malleable cast iron, hot-dip galvanized and threaded after galvanizing, and is rated for 14 bar (200 lb/sq inch). It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, which combines scientific equipment bulk supply with sourcing of water-supply fittings.

Specifications

Parameter	Detail
Fitting type	Hollow plug, male
Thread	External male thread
For	Galvanized iron (GI) water pipe fittings
Nominal diameter	½"
Material	Malleable cast iron, hot-dip galvanized and threaded after galvanizing
Pressure rating	14 bar (200 lb/sq inch)
Product code	SLE/WDF/03
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the GI Hollow Plug Used For?

Water systems are rarely built with every outlet in use from day one. This plug screws into a ½" female-threaded opening — the branch of a tee, the end of a socket or elbow, or a spare port — to seal it until a tap, branch line or gauge is added later. It is also handy for closing openings temporarily while a new section of pipework is pressure tested.

When fitting it, clean the female threads, apply sealing tape or compound to the plug's male thread and tighten firmly without forcing. Recording where plugs have been fitted helps maintenance teams find future connection points quickly, and removing a plug is straightforward when the line needs extending.

What to Specify When Ordering

- Number of ½" plugs for spare or future outlets.
- Whether you also need caps for closing male-threaded pipe ends.
- The thread standard on your site, so compatibility can be checked.

Supplier

Jain Scientific Equipments Private Limited, which trades under the ScienceLab name in Ambala, Haryana, supplies this GI plug as part of its water-distribution fittings range. Contractors, progr[illegible] nippl[illegible].
