Product Name :

Electrophoresis: Agarose Gel Separation of
Dyes

Product Code :

SLE/CH/126

Description :

Introduce your students to this valuable separation science in a safe and colorful manner.

Kit contains enough materials to run ten 20ml agarose gels (actual number of runs may vary based on your equipment).

Unlike DNA and other molecules which cannot be seen during electrophoresis, this activity uses dyes that can be observed during the actual procedure, providing visual reinforcement of the forces driving molecular movement and separation in the electrophoresis process.

Teacher's Manual and Student Study Guide copymasters are included.

Not included but required are agarose electrophoresis chambers, electrophoresis power supplies and micropipettes capable of measuring 10 μ l.
