Science Lab

Product Name :

Melting Point Apparatus, Digital

Product Code :

SLE/LI/14

Description :

The Melting Point Apparatus is economic and easy-use.

It uses a precise thermistor control system giving a resolution on the display of 0.1ºC.

The device is designed to simultaneously measure three samples.

The measurement ranges from ambient to 300ºC.

The internal LED light source, together with the magnified lens and tilt rear feet enables a broader and clearer view of samples.

The device unit has two heating speeds to make measurement much quicker and convenient.
