Description :

Dropper Bottle Tray (Product Code: SLE/P/34) is a white plastic tray with a removable divider used to store and carry dropper bottles of indicators, stains and reagents on laboratory benches.It holds 10 dropper bottles of 30 ml each, measures 208 x 85 x 35 mm, and is chemical resistant,so small spills are easy to wipe away. The tray is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer, at its own factory in Ambala, India.

Specifications

Parameter	Detail
Capacity	10 x 30 ml dropper bottles
Size (L x W x D)	208 x 85 x 35 mm
Material	Plastic, chemical resistant
Colour	White
Divider	Removable
Product code	SLE/P/34
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Dropper Bottle Tray Used For?

In a practical class each group often needs the same set of indicators or test reagents, such as litmus, phenolphthalein or iodine solution. A dropper bottle tray turns those bottles into a portable kit: the teacher fills one tray per group, hands it out at the start of the lesson and collects it complete at the end. The divider keeps bottles upright and separated, which reduces knocks and mix-ups.

The white base makes labels and any drips easy to see, and because the tray is chemical resistant it can be wiped clean after a spill. Lift the divider out when you need to wash the tray thoroughly. For schools organising chemistry lab equipment for group work in India, a set of trays with matching 30 ml dropper bottles keeps reagent sets tidy from one class to the next.

What to Specify When Ordering

- The number of trays, usually one per student group or bench.
- Whether you need 30 ml dropper bottles quoted as well (the tray is sized for 10 of them).
- Clear or amber dropper bottles, if bottles are to be included.

OEM Manufacturer

Jain Scientific Equipments Private Limited trades as ScienceLab and is the OEM of the Dropper Bottle Tray. It is made at the company's own licensed factory at Saha, Ambala, Haryana, and supplied direct to schools, colleges, institutions, dealers and importers. Trays and dropper bottles can b he comp
