Description :

Hand Wash Station (Product Code: SLE/SAH/29) is a self-contained, portable sink unit used to wash hands with soap and water in places that have no plumbing or electricity, such as school entrances, playgrounds, canteens and outdoor events. Its easy-fill 45 L tank supplies up to 225 hand washes of 20 seconds, and a foot-operated tap keeps the water supply hands-free. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

Specifications

Parameter	Detail
Type	Self-contained hand wash unit; no plumbing or electrics required
Clean water tank	45 L, easy-fill
Washes per fill	Up to 225 hand washes of 20 seconds each
Tap	Foot-operated, for a hands-free water supply
Grey water	Drained into a removable 25 L grey/waste water collection drum
Included	Soap dispenser, paper towel dispenser, 25 L grey water drum, waste bin
Material	Made from 70% recycled plastic; lightweight
Dimensions (W x H x D)	620 x 1630 x 560 mm
Weight	25 kg (excluding water and consumables)
Location	Indoor or external/outdoor use; suitable for high-footfall areas
Product code	SLE/SAH/29
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is a Portable Hand Wash Station Used For?

Washing with soap and running water is the standard way to remove dirt and germs from hands, but many sites lack a sink where people actually gather. This unit brings a complete wash point to a school gate, a sports ground, a temporary classroom or a field laboratory: users press the foot pedal for water, take soap from the dispenser, dry their hands with a paper towel and drop it in the bin, without touching the tap.

In daily use, refill the 45 L tank before it runs dry, empty the 25 L grey water drum each time the tank is refilled so it never overflows, and restock soap and towels at the same visit. Because it needs no plumber or electrician, the station can be moved as timetables change, which makes it a useful addition to any school laboratory setup in India where lab sinks are few.

What to Specify When Ordering

- The number of stations and where each will stand (indoors or outdoors).
- sk us
-
