Product Name :

Apparatus Coulomb's Law

Product Code :

SLE/PHY/09

Description :

Verifies Coulomb's Law of the Force Between Charges by Direct Measurement. Suspend one sphere from the top of a box -rest the other on the bottom. Bring them together and the hanging sphere deflects from the other. The apparatus is fully assembled and self-contained. Students precisely measure deflection with an easy-to-read ruler -and so calculate the force. A mirror assures accuracy by eliminating parallax.

Contact ScienceLab for your Educational School Science Lab Equipments. We are best school science lab equipment suppliers in india, school science lab equipments exporter, school science lab equipments manufacturers,school science lab equipments manufacturer, school science lab equipments supplier, school science lab equipments suppliers, educational lab equipments export.
