Description :

Kuti Per Lama (Product Code: SCL303/052) is a plastic storage box with 25 separate slots, used to keep glass microscope slides apart, organised and protected in biology and microscopy laboratories. Teachers and lab technicians use it to file prepared or student-made slides so that each one sits in its own seat instead of rubbing against its neighbours. The box is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer and laboratory equipment supplier in India, at its own factory in Ambala.

Key Details

Parameter	Detail
Product type	Slide storage box
Material	Plastic
Capacity	25 separate slots (seats)
Holds	One slide per slot
Product code	SCL303/052
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Kuti Per Lama Slide Box Used For?

After a microscopy practical, the slides a class has prepared, or a set of permanent slides for biology lessons, need somewhere safe to go. With 25 individual slots, this box lets a teacher store a complete topic set, such as plant tissues or micro-organisms, in one place and pull out exactly the slide needed for the next lesson. Separate seats stop slides sliding into each other, which is how cover slips crack and stained areas get scratched.

Allow mounting fluid to dry before a slide goes into its slot, and keep a numbered list inside the lid so every slide can be found quickly. Store the closed box flat in a dry cupboard, away from direct sunlight that can fade stains over time.

OEM Manufacturer

Kuti Per Lama is produced by ScienceLab as the original equipment manufacturer. Jain Scientific Equipments Private Limited, which trades under the ScienceLab name, makes the box at its own licensed factory in Saha, Ambala, Haryana, and supplies it factory-direct to schools, colleges, laboratories and distributors. Enquiries about additional boxes to match an existing set are handled by the manufacturer itself, so simply ask us. Visit our company profile for background on the business.
