Description :

Rabbit Dissection (Product Code: SCL203/0122) is a formalin-preserved dissection specimen closed in a glass container, used to demonstrate mammalian internal anatomy in zoology and life-science labs. Teachers rely on it to show students mammal organ systems in a sealed, reusable form, and it is listed at 200 x 70 x 40 mm. The specimen is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, for biology lab setups in schools and colleges.

Specifications

Parameter	Detail
Specimen	Rabbit, dissected
Preserved in	Formalin
Container	Glass, closed
Listed size	200 x 70 x 40 mm (20 x 7 x 4 cm)
Product code	SCL203/0122
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Rabbit Dissection Specimen Used For?

The rabbit is a long-standing example for teaching mammalian anatomy. Topics usually include the diaphragm separating the chest from the abdomen, the heart and lungs, the liver, the long intestine and the large caecum typical of a plant-eating mammal. A preserved dissection in a sealed specimen jar lets students see these structures in place for demonstration and biology revision.

Use it alongside a mammal diagram or chart: students identify each organ on the specimen, then trace its function on paper. Because the container is sealed, the specimen can be passed between groups with care.

What to Specify When Ordering

- Specimen type — rabbit (SCL203/0122) or other listed dissections such as chicken, frog, fish and lizard.
- Number of specimens per laboratory.
- Confirmation of the specimen and container size (listed as 200 x 70 x 40 mm).
- Delivery destination, as formalin specimens may be subject to transport rules.

Supplier

Jain Scientific Equipments Private Limited, which trades as ScienceLab from Ambala, Haryana, supplies this rabbit specimen to education buyers. Institutions registering a new vendor can use CIN U29309HR2020PTC087597 and GSTIN 06AAECJ8618A1ZT for the supplying company. Read about the company on the ScienceLab profile.
