Description :

Cell Superstructure (with Cell Organelles) (Product Code: SCL253/0147) is a large three-dimensional PVC model used to present the fine structure of a cell and its organelles to a whole class in biology teaching. Measuring 700 x 400 x 500 mm and coloured with non-toxic dye, it is sized for demonstrations in classrooms, lecture halls and science exhibitions. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer, at its own factory in Ambala, India.

Key Details

Parameter	Detail
Subject	Cell superstructure with cell organelles
Size	700 x 400 x 500 mm
Construction	3-dimensional PVC moulding
Colouring	Non-toxic dye
Product code	SCL253/0147
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Cell Superstructure Model Used For?

Real organelles are measured in micrometres, so most cell models are kept small for desk work. At 700 x 400 x 500 mm this one works the other way round: it is built for demonstration, letting a teacher stand beside it and point to each organelle while the whole room follows. It suits introductory cell biology, revision before examinations and open days where visitors need to grasp the idea of a cell quickly.

Place it on a sturdy table at eye level with space around it, so students can walk round and view it from several sides. For institutions buying cell biology equipment in India, it serves as the centrepiece of a set, with smaller bench models and wall charts for group and individual study.

OEM Manufacturer

Cell Superstructure (with Cell Organelles) is an OEM product of ScienceLab, the name under which Jain Scientific Equipments Private Limited (CIN U29309HR2020PTC087597) trades. It is made at the company's own licensed factory at 449, HSIIDC Industrial Area, Saha, Ambala, Haryana (Factory Licence AMB-ONLINE-CHD-J-414), and supplied directly to schools, universities, science centres, dealers and importers. More about the company is on the ScienceLab profile.

Given the model's size, mention your delivery location and any access limits when you ask for a quotation; the manufacturer handles the order from quotation to dispatch.
