Description :

Hearing Aid (Product Code: SCL267/0154) is a personal sound-amplifying device used to make speech and everyday sounds louder for people with hearing loss. It amplifies sounds by up to 40 decibels, offers 6 adjustable volume levels and includes low-frequency noise control, with simple, low-noise operation. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, to institutions, health programmes, dealers and importers.

Specifications

Parameter	Detail
Amplification	Up to 40 decibels (dB)
Volume control	6 adjustable levels
Noise control	Low-frequency noise control
Frequency response	Slope type, suited to the frequency response of hearing-loss output
Sound control	Wide range of sound control
Operation	Easy operation, low noise
Product code	SCL267/0154
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Hearing Aid Used For?

A hearing aid picks up surrounding sound, makes it louder and delivers it to the ear, helping the wearer follow conversation and everyday sounds. This Hearing Aid has a slope-type response suited to hearing-loss output, and its low-frequency noise control is aimed at low-pitched background sound while speech is amplified.

The 6 volume levels let the wearer start low and increase the setting gradually until sound is comfortable. Hearing needs differ from person to person, so users should have their hearing assessed by a qualified audiologist or doctor, who can advise whether this type of device suits them. Institutions ordering health-education or welfare supplies can include it in a wider order.

Supplier

ScienceLab, the trading name of Jain Scientific Equipments Private Limited, Ambala, supplies this Hearing Aid to schools, NGOs, health programmes, dealers and importers. We source the device and handle the enquiry, quotation and dispatch, so buyers can combine it with laboratory and health-education items in a single order. More about the company is on the ScienceLab profile.

We make no clinical claims for this device beyond the features listed here; for technical details not shown on this page, please contact us before ordering.
