## Description :

**Destruction of Tropical Forests** (Product Code: SCL344/0192) is a laminated wall chart used to teach why tropical rainforests are being cleared and what the loss means for wildlife, soil and climate in school and college classrooms. Geography, biology and environmental science teachers put the 70 cm x 100 cm chart up in laboratories and classrooms for units on deforestation and conservation. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)** , an OEM manufacturer, at its own factory in Ambala, India.

### Specifications

| Parameter | Detail |
|---|---|
| Topic | Deforestation of tropical forests |
| Type | Wall-mounted chart |
| Finish | Laminated |
| Size | 70 cm x 100 cm |
| Application | Laboratories and classrooms |
| Product code | SCL344/0192 |
| Manufacturer | Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM |
| Country of origin | India (made in Ambala, Haryana) |

### What Is the Tropical Deforestation Chart Used For?

The chart frames a lesson around the drivers of rainforest loss — commercial logging, clearing land for crops and cattle, mining, road building and slash-and-burn farming — so students can see that deforestation has several economic causes rather than one.

Teachers then use it to trace the effects: habitats and species lost, bare soil washed away by heavy rain, local rainfall patterns disrupted and carbon stored in trees released to the atmosphere. It is a good prompt for debates on sustainable forestry and reforestation, and it belongs among biology teaching aids for any ecology or climate-change unit.

### OEM Manufacturer

The Destruction of Tropical Forests chart comes straight from its OEM (original equipment manufacturer): ScienceLab, the brand under which Jain Scientific Equipments Private Limited trades. It is produced at the company's own licensed factory at Saha, Ambala, Haryana, India, and dispatched from there to schools, colleges and distributors in India and international markets. See the ScienceLab company profile for more about the manufacturer.
