Description :

Gloves - Protective (Product Code: SCI-744/041) are disposable latex hand gloves used to protect the hands from soap, detergent, oil, unclean water and particles during laboratory and general handling work. They are single-use, ambidextrous, non-powdered and non-sterile, andare listed for hospital, dental, laboratory, food and industrial use. They are manufactured by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, as part of its range of disposable lab consumables.

Key Details

Parameter	Detail
Material	Latex, combining strength with flexibility
Use	Disposable, single use; multi-purpose
Fit	Ambidextrous; anatomically shaped for comfort and examination
Powder	Non-powdered
Sterility	Non-sterile
Skin contact	Listed as hypoallergenic (not for users with a latex allergy)
Resistance	Described as chemical resistant
Protects against	Soap, detergent, oil, unclean water and other particles
Listed applications	Hospital, dental, laboratory, food and industrial use
Product code	SCI-744/041
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Are Protective Latex Gloves Used For?

In a school or college laboratory these gloves cover everyday wet and messy jobs: washing glassware in detergent, wiping down benches, handling specimens and stained slides, and preparing food-science samples. Because they fit either hand, a lab can keep one stock for students and staff alike.

Check each glove for tears before putting it on, and remove it by peeling from the cuff so the outer surface ends up inside. Discard the gloves after one task instead of washing them. Latex resistance varies from chemical to chemical, so for concentrated acids, alkalis or solvents consult the reagent’s safety data sheet and consider a dedicated chemical-resistant glove.

What to Specify When Ordering

- Number of gloves or pairs needed — pack quantities are confirmed on the quotation
- Hand sizes required for your students and staff
- Confirmation that non-sterile gloves suit your procedures
- Confirmation that every user can wear latex
