Description :

Screw Pipe Clamp (Hoffman Clamp) (Product Code: SCI-338/136) is a screw-adjusted tubing clamp used to regulate or shut off the flow of liquid or gas through flexible tubing in chemistry and biology laboratory set-ups. Made of nickel-plated steel for 16 mm pipe, it has a hinged bottombar, so it can be fitted or removed without reaching the tube ends. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM scientific instruments manufacturer in India, at its own factory in Ambala.

Specifications

Parameter	Detail
Pipe (tubing) size	For 16 mm pipe
Adjustment	Screw
Material	Nickel-plated steel
Tubing protection	Projection plate stops the end of the screw from damaging the tubing
Bottom bar	Hinged, for direct fitting and removal without access to the ends of the tube
Product code	SCI-338/136
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is a Hoffman Clamp Used For?

A spring pinch clip such as the Mohr clamp is either open or closed, but a Hoffman clamp's screw lets you set the flow gradually. That makes it the clamp of choice for metering gas from a generator, controlling water from a reservoir or aspirator bottle, or sealing a delivery tube in a gas collection apparatus between readings.

The projection plate sits between the screw tip and the tubing, so tightening presses the tube flat instead of letting the screw cut into it. With the hinged bottom bar, the clamp can be clipped onto tubing that is already connected in an assembled apparatus. Loosen the screw before storing tubing so the rubber does not take a permanent flattened set.

What to Specify When Ordering

- Your tubing size, to confirm it matches the 16 mm pipe this clamp is made for.
- How many clamps each apparatus or bench needs.
- Whether you also need rubber tubing or spring clamps in the same order.

OEM Manufacturer

These Hoffman screw clamps are manufactured by Jain Scientific Equipments Private Limited, which trades as ScienceLab, at its own licensed factory in Saha, Ambala, Haryana. As the OEM, the c
