Description :

Protective Glass (Product Code: SCI-365/149) is a pair of protective safety spectacles used to guard the eyes against impacts and flying particles during laboratory practicals, workshop tasks and outdoor field work. It combines an impact-resistant, high-wrap lens with side protection and adjustable arms on a lightweight unisex frame, giving wearers a wide, unobstructed view. The eyewear is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, for schools and colleges equipping their labs.

Key Details

Parameter	Detail
Type	Protective eyewear (safety spectacles)
Lens	High-wrap lens for impact protection and an unobstructed view
Impact resistance	Impact resistant (as listed)
Side protection	Side protection design
Arms	Adjustable
Frame	Lightweight, comfortable, unisex style
Environment	Indoor or outdoor use
Product code	SCI-365/149
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Are Protective Safety Glasses Used For?

Safety spectacles are the everyday eye protection of a teaching lab: students wear them when cutting or bending glass tubing, stretching springs and wires in mechanics practicals, hammering or filing in a workshop, and handling glassware that could break. The wrap-around lens and side protection guard against fragments coming from the side as well as from the front.

Adjust the arms so the spectacles sit snugly without slipping, clean the lens with water and a soft cloth, and store each pair in a drawer or case so the lens is not scratched. Spectacles are not sealed against liquids, so for work with corrosive splashes many schools in India and elsewhere pair them with, or switch to, closed safety goggles.

What to Specify When Ordering

- Number of pairs — usually a class set plus spares for staff and visitors.
- Whether any wearers need eyewear that fits over prescription glasses (ask us).
- Whether closed goggles are also needed for chemical splash work.

Supplier

These protective spectacles are sourced and supplied by Jain Scientific Equipments Private Limite s, deale order
