Description :

Meiosis Set (Product Code: SCL464/0144) is a set of microscope slides used to teach meiosis, the reduction division that halves the chromosome number and produces gametes or spores, in biology laboratories. Teachers often bring it out straight after a mitosis lesson, and each clear borosilicate glass slide is kept in a white, rectangular plastic box between classes. It is suppliedby **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, a biology lab equipment supplierin India, as one of its biology teaching aids for schools and colleges.

Specifications

Parameter	Detail
Topic	Meiosis (reduction division)
Slide material	Borosilicate glass
Slide colour	Clear
Storage box	Plastic, white, rectangular
Application	Laboratory use
Product code	SCL464/0144
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Meiosis Slide Set Used For?

Meiosis is harder to picture than mitosis because it involves two successive divisions. With the slides under a compound microscope, students look for the features that set meiosis apart: homologous chromosomes pairing in prophase I, pairs rather than single chromosomes lining up in metaphase I, homologues separating in anaphase I, and a second division that finally leaves four cells. Teachers often use the set straight after a mitosis lesson so that learners can list the differences from what they have just seen.

The slides also work well during revision, viewed through a microscope camera or passed round in small groups. Handle each slide by its edges, avoid pressing on the mounted area, and put it back in the plastic box before the next group arrives so that the set stays complete from year to year.

Supplier

Jain Scientific Equipments Private Limited trades as ScienceLab and is based in Ambala, Haryana, from where it supplies slides, stains and biology, chemistry and physics apparatus to institutions in India and international markets. Institutions completing vendor registration can use the supplying company's GSTIN 06AAECJ8618A1ZT and Legal Entity Identifier 3358004HRD1JIVXKYX49. Read more on our company profile.
