Description :

Human Endocrine System (Product Code: SCL497/0221) is a laminated wall chart used toteach where the body's ductless glands lie and how their hormones act as chemical messengers,in school and laboratory biology. Because glands such as the pituitary, thyroid, adrenals and pancreas are spread from head to abdomen, a 75 x 100 cm polyart view of the whole body helps show them as one system. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer, at its own factory in Ambala, India.

Specifications

Parameter	Detail
Type	Chart
Topic	Human endocrine system
Material	Polyart
Size	75 x 100 cm
Finish	Laminated
Used in	Schools and laboratories
Product code	SCL497/0221
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Human Endocrine System Chart Used For?

Unlike the digestive or circulatory system, the endocrine glands are not physically joined, and students often struggle to see them as one system. With the chart on display, the teacher can point to each gland in turn, name its main hormone and describe its target, whether growth, metabolism, blood sugar, the stress response or reproduction, and then explain feedback control with the pituitary as the link between the brain and the other glands. The same visual helps when comparing hormonal and nervous coordination, a common exam question.

The chart also gives useful context for health topics such as diabetes, goitre and growth disorders. Schools assembling a biology chart set often hang it next to the male and female reproductive system charts, since sex hormones connect the two topics. Wipe the laminated face with a dry or barely damp cloth to keep it clean.

OEM Manufacturer

ScienceLab is the trading name of **Jain Scientific Equipments Private Limited**, the OEM manufacturer of this Human Endocrine System chart. The chart is produced at the company's own licensed factory at Saha, Ambala, Haryana, India, and reaches schools, colleges, dealers and importers directly from there, so quotations and follow-up orders come from the manufacturer itself.
