Description :

Crocodile Clip For Connections (Product Code: SCL-468/129) is a pair of insulated test leads used to connect multimeters and other banana-socket instruments to components and terminalsin physics and electronics labs. Each set has a red and a black 50 cm flexible lead, with a banana plug at one end and a 38 mm plated crocodile clip at the other. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

Specifications

Parameter	Detail
Clip size	38 mm
Clip finish	Plated
Lead	Standard flexible wire, 50 cm long, insulated
Terminations	Banana plug at one end, crocodile clip at the other
Set	Two wires per set, red and black pair
Use	Banana pin to crocodile clip test lead for multimeters
Product code	SCL-468/129
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Are Crocodile Clip Leads Used For?

Crocodile clip leads free the hands during measurement: the banana plug goes into the multimeter or instrument socket and the spring clip grips a resistor lead, terminal post or wire. Students use them to connect meters across components in Ohm's law, diode and transistor practicals, and teachers use them for quick temporary connections during demonstrations.

Keep the red lead for positive and the black for negative or common so polarity is always clear. Clip only onto clean, bare metal, open the clip rather than pulling on the wire to remove it, and coil the leads loosely after use to protect the insulation. Spare sets are everyday lab equipment accessories for school electricity benches.

What to Specify When Ordering

- Number of sets required (each set is two leads, one red and one black).
- Confirmation that the 50 cm lead length suits your bench layout.
- Confirmation that the banana plugs fit the sockets on your meters.
- Whether banana plug connector leads are also needed for socket-to-socket wiring.

Supplier

The Crocodile Clip For Connections set is supplied by Jain Scientific Equipments Private Limited, trading as ScienceLab, from Ambala, Haryana, to schools, colleges, repair workshops and dealers in India and international markets. Replacement leads are often ordered when multi any, see t
