Description :

Electrocardiograph Portable (Product Code: SCL239 /038) is a 12-channel electrocardiograph (ECG) used to record the heart's electrical activity from all 12 leads at once in hospitals, cardiology clinics and medical teaching labs. Its distinguishing features are a 10-inch high-resolution foldable screen, a QWERTY keyboard, built-in measurements and interpretation, and USB archiving of recordings. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)** , Ambala, India, to health facilities and colleges.

Specifications

Parameter	Detail
Recording	Simultaneous 12-channel ECG recording with simultaneous 12-lead acquisition
Screen	10-inch high-resolution foldable screen
Keyboard	QWERTY alphanumeric
Analysis	Built-in ECG parameter measurements and interpretation
Print modes	Pre-sample, real-time sample and arrhythmia-triggered sample
Internal memory	Up to 100 ECGs
External archiving	USB drive, for virtually unlimited ECG data storage
Battery	Built-in rechargeable lithium-ion
Product code	SCL239 /038
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is a 12-Channel Electrocardiograph Used For?

A 12-channel electrocardiograph shows and records all twelve leads side by side, so the complete ECG is captured in one acquisition rather than in lead groups one after another. This suits resting ECGs in outpatient departments, emergency rooms and wards, and the arrhythmia-triggered print mode records the trace when an irregular rhythm appears.

The foldable screen and internal battery let the unit move between rooms, while the QWERTY keyboard speeds up entry of patient details. Keep up to 100 ECGs in the internal memory and move older records to a USB drive for archiving. Recordings and interpretations should always be reviewed by a qualified clinician.

Supplier

Jain Scientific Equipments Private Limited sources this portable electrocardiograph and supplies it under the ScienceLab name from Ambala, Haryana to hospitals, clinics, medical and paramedical colleges, dealers and importers. Accessories and consumables for the model offered are listed in each quotation. Details of the company are on our profile page.
