Product Name :

Folding Meter Stick

Product Code :

SLE/MAT/69

Description :

Folding Meter Stick (Product Code: SLE/MAT/69) is a folding metric measuring stick used to measure the length of objects in school maths and science labs. It folds into fourths on three hinges for easy storage and is calibrated only in centimetres and millimetres, with no inch scale. **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM and scientific lab equipment manufacturer in Ambala, makes it at its own factory as educational laboratory equipment in India.

Specifications

Parameter	Detail
Folding	Folds into fourths on three hinges
Graduation	Metric units — centimetres and millimetres
Inch scale	Not included (customary units are not marked)
Storage	Folds for easy storage
Purpose	Measuring the length of objects
Product code	SLE/MAT/69
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Folding Meter Stick Used For?

Pupils use the stick to measure desks, doorways, their own height or the length of a jump, first estimating and then checking. Because it reads only in centimetres and millimetres, it keeps the whole lesson in metric units and makes conversions between millimetres, centimetres and metres a natural next step.

Before reading, open all three hinges fully so the sections lie straight, start from the zero end and read at eye level to avoid parallax. For distances longer than the stick, mark the end point and move it along. It also doubles as physics lab equipment in schools in India, for example when setting a pendulum length.

What to Specify When Ordering

- Quantity — how many sticks you need per class, group or lab.
- Scale — this stick is metric only (centimetres and millimetres), with no inch markings.
- Format — whether a folding stick suits your storage, or a rigid stick such as the Meter Stick, White is preferred.

OEM Manufacturer

Jain Scientific Equipments Private Limited (CIN U29309HR2020PTC087597) trades as ScienceLab and is the OEM (original equipment manufacturer) of the Folding Meter Stick. The stick is produced at the company's licensed factory at 449, HSIIDC Industrial Area, Saha, Amba
