Product Name :

Digital Melting Point Apparatus

Product Code :

SLE/ME/43

Description :

Number of samples: 2
Temperature range: Ambient to 300°C
Temperature resolution: 1°C.
Temperature accuracy: ±1% of display temperature
Display: Three digit LED
Sensor: PT100.
Ramp rates: 20°C per minute to plateau. 2°C per minute to melt
Overall Size: W160 x D220 x H170mm
Mass: 1.8kg.
The viewing cover is easily removed to allow access to the bulb and for cleaning.
The heating block is behind a protective screen and is designed to heat quickly and remains at the selected plateau temperature until the user is ready to start the test.
A large LED display makes reading the temperature easy and three LEDs show the user the state of the sample.
This unit has extendable feet, allowing the user to view samples at an optimum angle.
