Product Name :

Double Oven Gloves

Product Code :

SLE/G/10

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Double Oven Gloves (Product Code: SLE/G/10) is a pack of two-hand oven gloves used to carry hot trays, dishes and containers with both hands in home-science rooms, canteens and around drying ovens. Each glove is 82 cm long with a 100% cotton outer and a polyester inner, and the pack of 10 comes in bottle green or a navy and white butcher's stripe design. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

Specifications

Parameter	Detail
Style	Double oven glove
Length	82 cm
Outer fabric	100% cotton
Inner	Polyester
Colour / design	Bottle green, or navy and white butcher's stripe
Pack	Pack of 10
Product code	SLE/G/10
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Are Double Oven Gloves Used For?

A double oven glove lets one person lift a wide baking tray, casserole dish or hot drying-oven shelf with both hands at once, keeping the load level. That makes it a practical item for food and nutrition rooms, hostel and canteen kitchens, and school labs where trays of samples come out of a drying oven.

Keep the gloves dry, since damp cotton lets heat through quickly, and never use them over a burner or open flame. Hang them up after use rather than leaving them bunched beside a hot surface. The 82 cm length gives a comfortable span for most trays; for narrow flasks or crucibles, tongs are the safer tool.

What to Specify When Ordering

- Colour: bottle green, or navy and white butcher's stripe.
- Number of packs (each pack holds 10 double oven gloves).
- Whether the gloves should ship with other kitchen or lab items on the same order.
- Delivery location, for India or international shipment.

Supplier

Jain Scientific Equipments Private Limited, trading as ScienceLab, supplies Double Oven Gloves in packs of 10 from Ambala, Haryana, which suits schools and hostels that equip several food rooms at once. Because the company also supplies ovens, hot plates and wider lab equipment, kitche kets. For c
