Product Name :

Face Mask

Product Code :

SLE/MK/07

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Face Mask (Product Code: SLE/MK/07) is a green, 3-ply non-woven face mask with ear loops, used for day-to-day nose and mouth protection by students, lab assistants and health staff. Its green colour lets institutions separate groups, rooms or shifts from those issued blue masks, and each of its three plies is specified at 25G with a listed bacterial filtration efficiency of 99%. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India, a school lab equipment supplier in India, in neutral boxes of 50.

Specifications

Parameter	Detail
Colour	Green
Material	Non-woven
Construction	3-ply
Layer specification	25G + 25G + 25G
Bacterial filtrationefficiency	99% (shown as “BEF 99%” in the source listing)
Fastening	Ear loops
Box quantity	50 pieces
Packing	Neutral box
Product code	SLE/MK/07
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Green Face Mask Used For?

Schools and colleges use a mask like this during practical classes where powders, dried plant material or chalk dust are handled, and health rooms keep it for visitors and staff. Because it matches the blue non-woven mask in construction and pack size, a buyer can run two colours side by side: green for one lab block, class group or visiting team, blue for another, making it easy to see who has been issued which stock.

Hand the masks out from the box without touching the inner face, show students how to press the upper edge over the nose and pull the lower edge down to cover the chin, and collect used masks in a lined bin at the end of the session. A spare box in each lab avoids students sharing or reusing masks between periods.

What to Specify When Ordering

- Number of boxes of 50 green masks
- Whether you also need the blue version for a two-colour system
- Whether neutral (plain) box packing suits your store or resale needs
- Delivery location and schedule for term or shift start
