Product Name :

Human Skull Storage Case, Black Plastic

Product Code :

SLE/A/54

Description :

Human Skull Storage Case, Black Plastic (Product Code: SLE/A/54) is a carry case used to store and move human skull models, and other small laboratory items, in school and college labs. Made of black corrugated plastic with a carrying handle, it measures 10-1/4 in L × 7-1/4 in W × 8-1/4 in H and is designed for both articulated and disarticulated human skulls. It is supplied by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, India.

Specifications

Parameter	Detail
Material	Black corrugated plastic
Handle	Carrying handle
Size	10-1/4 in L × 7-1/4 in W × 8-1/4 in H (about 26.0 × 18.4 × 21.0 cm)
Designed for	Articulated and disarticulated human skulls
Other use	Simple storage case for small laboratory items
Product code	SLE/A/54
Supplied by	Jain Scientific Equipments Pvt Ltd (ScienceLab), Ambala, India

What Is the Skull Storage Case Used For?

A skull model left on an open shelf gathers dust, and its loose parts, such as a detachable jaw, a skull cap or the pieces of a disarticulated skull, tend to drift apart between terms. This case keeps one skull and all of its parts in a single closed box, and the carrying handle makes the trip from the preparation room to the classroom easier and safer than carrying the model in the hands.

Before ordering, compare the listed size with the model you plan to store so it sits without being squeezed. Label the outside of each case with the model name and code so the right skull reaches the right bench. Between uses the corrugated plastic can simply be wiped with a damp cloth. Labs that keep several skulls often give each model its own case so sets never get mixed.

Supplier

Jain Scientific Equipments Private Limited, which trades as ScienceLab, supplies this storage case together with the skull models in its anatomy range, so a school or college can arrange models and storage in one enquiry. As a biology lab equipment supplier in India, it serves schools, colleges, dealers and importers in India and international markets. More about the company is on the ScienceLab profile.
