Product Name :

Burettes with PTFE Key Stopcock Schellbach Stripe

Product Code :

SLE/GBu/07

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Burettes with PTFE Key Stopcock Schellbach Stripe (Product Code: SLE/GBu/07) pair a Schellbach-striped scale, which makes the meniscus easier to read, with a PTFE key stopcock that turns smoothly without grease. Made from high-quality, heavy-duty borosilicate glass and graduated along the tube, they are a good fit for practical examinations and busy studentbenches where quick, consistent readings matter. **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, Ambala, manufactures them alongside its wider borosilicate glassware in Indiaand for international markets.

Specifications

Parameter	Detail
Readingaid	Schellbach stripe
Stopcock	PTFE key
Glass	High-quality, heavy-duty borosilicate
Capacities	5 ml, 10 ml, 25 ml, 50 ml, 100 ml
Graduation	Graduated scale
Resistance	Heat and chemicals
Field of use	Chemical laboratory

Typical Use

A Schellbach stripe is typically a narrow coloured line on a white band running down the back of the burette. Seen through a clear liquid, the meniscus bends the stripe so that it appears to pinch to a point exactly at the liquid level, which gives a sharper reference than judging the curve of the meniscus alone. Students make fewer parallax errors, and a teacher checking readings across a room of benches can verify them quickly.

The burette is used in the familiar sequence of rinse, fill, clear the jet, take an initial reading and titrate to the end point, and it is a natural choice when assembling a chemistry titration kit for school acid–base practicals. Read the level where the stripe narrows to a point, and keep the burette vertical on its stand so the stripe stays directly behind the scale.

Manufacturer

Jain Scientific Equipments Private Limited operates under the **ScienceLab** brand from Ambala, Haryana, making glassware and apparatus for school, college and research laboratories. Buyers who want to know more about the company before ordering can see our company profile.
