Product Name :

Alcohol Burner Stand

Product Code :

SLE/B/06

Email : sales@scilabexport.com
Phone: +91-7082934803

Description :

Alcohol Burner Stand (Product Code: SLE/B/06) is a chrome-plated steel wire support used to hold a small beaker, dish or crucible above a spirit lamp or alcohol burner, so the vessel is heated without being hand-held. Its heavy wire-gauze top measures 3 x 3 in, and the 5 in overall height leaves room for burners of all sizes underneath. It is made by **Jain Scientific Equipments Pvt Ltd (ScienceLab)**, an OEM manufacturer, at its own factory in Ambala, as school chemistry lab equipment in India.

Specifications

Parameter	Detail
Material	Steel wire, chrome plated
Top	Heavy wire-gauze top
Top size	3 x 3 in
Overall height	5 in, set to accommodate all sizes of burners
Suitable for	Alcohol burners and spirit lamps
Product code	SLE/B/06
Manufacturer	Jain Scientific Equipments Pvt Ltd (ScienceLab) — OEM
Country of origin	India (made in Ambala, Haryana)

What Is the Alcohol Burner Stand Used For?

Stand it on a heat-resistant bench surface, slide the lit alcohol burner underneath so the flame sits below the centre of the gauze, and rest a small beaker, evaporating dish or crucible on top. Common classroom tasks include warming water for solubility work, evaporating a few millilitres of salt solution to recover crystals, and gentle heating in biology preparation rooms or outreach sessions where no gas line is available.

In spirit-lamp setups it takes the place of the tripod stand and wire gauze used with taller, hotter gas burners. Keep the vessel base within the 3 x 3 in top so it cannot slip off, put the burner out before moving anything, and let the wire frame cool before handling, because metal wire conducts heat quickly.

OEM Manufacturer

Jain Scientific Equipments Private Limited, which trades as ScienceLab, is the OEM (original equipment manufacturer) of this burner stand. It is made at the company's own licensed factory at Saha, Ambala, Haryana, India, rather than bought from a trader, and stands go factory-direct to schools, colleges, dealers and importers. For repeat orders or matching stands for an existing lab, ask us and the manufacturer will quote directly. Read our company profile for background.
